Greatly assisting our new client and deposit acquisition strategies are our two new Lancaster County branches, Manheim and Lititz. Combined, they have accounted for \$12 million in new deposit business in the past 15 months.

In July, the Bank announced a common stock offering with intentions of issuing up to 233,010 new shares at a price of \$25.75 for an aggregate \$6,000,000. The Board of Directors determined that market conditions were favorable to augment our capital position and support the Bank's continued growth projections. Existing shareholders enjoy pre-emptive rights, giving them the ability to purchase new shares before shares are open to new investors. This pre-emptive rights offering period ran from July 16th to September 14th. During this period, we increased our outstanding shares by 24,813 from 2,337,064 to 2,361,877. That increase was due to participation in our existing Dividend Reinvestment Program and Stock Purchase Plan, and the new stock offering. The stock offering accounted for 22,707 new shares, raising new equity of \$584,705.25. Closing for the pre-emptive rights period was held as of September 14th. Remaining shares are now available to new investors, who are subject to a minimum investment of \$10,016.75. This community offering period will be open until November 30th. Existing shareholders may also make an additional investment and are not subject to the minimum. For more information on this stock offering, please direct inquiries to JBT shareholder relations at investor@bankibt.com or call 717-865-4246.

We thank you for your continued interest and investment in JBT.

LETTER TO SHAREHOLDERS

We are pleased to report that the Board of Directors has declared a third quarter dividend of \$0.18 per share for shareholders of record as of October 23, 2018 and payable on October 31, 2018. We are proud of our strong dividend history and happy to return a portion of profits to our shareholders. The Bank produced earnings of \$3,824,000 or \$1.62 per share during the first nine months of the year, up 17.9% from \$3,244,000 or \$1.39 per share in the prior year. This earnings lift is largely attributable to two impactful items. First, we are experiencing the positive effect of the Tax Cuts and Jobs Act which reduced the corporate income tax rate. Secondly, we made a much smaller provision to the loan loss reserve.

During the quarter we experienced two significant loan payoffs, one commercial and one municipal, totaling over \$11 million, which negatively affected our balances for the period. Taking that into account, our loan portfolio has increased by 1.00% year-to-date and by 3.08% year-over-year. Loans, net of the allowance for loan losses, stand at \$496,164,000 and account for 86.38% of total assets. A benefit of our modest loan growth is that we only needed to set aside \$526,000 for possible loan losses year-to-date, versus an expense of \$1,185,000 during the same period last year. We continue to be encouraged by the improvement in our credit quality, as evidenced by total delinquencies ending the quarter at their lowest level in years.

The third quarter brought another widely expected rate increase. The Federal Open Market Committee raised the Fed Funds Target range by 25 bps to 2.00 – 2.25% in September. This action has further fueled the competition for deposits in our market. Deposit generation has been a top priority for us all year long and we are pleased with our 3.21% YTD growth and 5.63% growth since the same period last year.
