

# How Interesting!

JBT Young Investors Savings Club Newsletter • Summer 2016

## Reward yourself with good habits

*Smart savings and spending habits are important at any age. Start now!*

### ELEMENTARY-AGE SAVERS:

A pink piggy bank is a great idea, but you can't see the money inside. **Try a clear piggy bank or jar**, and see your money growing day by day when your money is added. It helps to see the great progress you make!

### PRE-TEEN SAVERS:

Things cost money. You'll **learn the value of things** better when you hand your own money (not hand-outs from parents) to the store cashier. Is your purchase worth giving up the money you've saved? If you buy a video game, you might not have enough left for shoes. Think about this before you make any purchase.

**If you need more, earn it!** Ask your parents if it's okay to earn money by doing extra chores at home or for local neighbors. Each time you spend money, you'll want to replace it by earning more.

Save a portion to **give to church or charity**. Giving back to your community doesn't just affect the people you give to, it affects you as well – it feels great to help others in the community.

### TEEN SAVERS:

**Make routine deposits** into your JBT Young Investor Savings Account. By getting serious about your savings, you can help your saved money work for you by earning interest!

When you are old enough to get a job, take advantage of the opportunity to earn more. **Find the right balance** of saving and spending. It's not good to spend everything, nor is it ideal to save everything. Find the right balance for you.

As you become an adult, learn the pros and cons of credit cards and borrowing funds. **Be careful with credit**. Keep to a monthly budget, and build your credit score smartly.

## Tips for parents:

1. Show your child how saving account funds earn interest and make even more money for your young investor.
2. Help your child decide how much cash to keep at home for little things that come up, and how much to deposit into his or her JBT Young Investors Savings Account.

## Heard a word?

**CHARITY** - All communities have organizations dedicated to the basic well-being of others. They need routine donations in order to operate reliably and help the community.

**CREDIT SCORE** - There are companies that track how well an adult manages financial obligations. These companies provide a number rating based on payment history and more.

# Summer Giveaway!

How could you help your own community? Would you volunteer your time, donate money to a local charity, or simply help a neighbor? Follow the instructions below to enter for your chance to win an iPad mini™ 3!

## S'more summer ahead!

Just in case you don't have a campfire handy, use this easy recipe for making S'mores crispy treats in your kitchen (with the guidance of an adult). You'll have lots of great gooey fun together!

### INGREDIENTS

- 3 Tablespoons of unsalted butter
- 1 Pinch of salt
- 5 Cups of mini marshmallows (divide into 4C and 1C)
- 6 Cups of graham cereal pieces
- 3 - 1.5 ounce milk chocolate bars, broken into pieces

### INSTRUCTIONS

Spray a 9" x 13" pan with non-stick cooking spray and set aside.

In a large stock pot, melt butter and salt over medium heat. When melted, add 4 cups of mini marshmallows and stir until completely melted.

Remove mixture from heat and stir in cereal pieces. Add remaining cup of mini marshmallows and stir just enough to combine.

Quickly pour half the mixture into the prepared pan and press down. Top with half of the chocolate pieces. Pour the rest of the mixture onto the chocolate and press down. Then top with the remaining chocolate pieces.

Place in refrigerator for about an hour, or sit on counter at room temperature for a few hours. Remove from pan and cut into bars. (Makes 24 servings.)

## Summer things to do!

### Hands-on House Children's Museum
